### GAME PLAY

The first rocket to the moon is about to be launched from the Atomic Research Centre at Sprosj in Sydenia. On board are TINTIN, Captain Haddock and Professor Calculus...

The army of technicians make their final checks. The rocket is set for take-off. Sirens and loudspeakers blast out the signal to evacuate the launch area. The gantry ramps fall slowly aside. Time 1.29 a.m. The countdown is under way.

5-4-3-2-1 Ignition! In an explosion of flame and smoke, the mighty space ship lifts off the pad, heading for Earth orbit. To start the game press SPACE

Help - Throughout the game P pauses, any key restores

**THE JOURNEY THROUGH SPACE**  
Control the rocket and take TINTIN and friends to the moon. Avoid the meteorites and catch the yellow and red spheres on your way.

- The yellow spheres replenish your energy
- You must catch 3 red spheres to progress to the next stage

Controls - Joystick or arrow keys

Spectrum & C64 -

Q	Up
A	Down
I	Left
O	Right

Your distance from the moon is shown at

the bottom of the display. Energy level on the left, score on right.

#### IN THE ROCKET

Guide TINTIN through the rocket to:

- Disarm the bomb,
  - Put out the fire,
  - Free his companions,
  - and catch the dastardly Colonel Bork!
- Prisoners, Extinguishers and Defused bombs are shown in the left of the screen.

Controls - As for Rocket except that in zero gravity (not Spectrum) controls should be operated just before TINTIN collides with something, and should be held down during collision.

To switch between normal and zero gravity press F1 or I depending on machine version.

To take a fire extinguisher just touch it. To use it choose a direction and press SPACE or Fire Button.

The bombs set by Colonel Bork are shown at the bottom of the screen. They disappear

as TINTIN defuses them by touching them. An alarm sounds when the bomb is about to explode.

To free a prisoner TINTIN must touch him.

To capture Colonel Bork sneak up from behind and jump on him or use the fire extinguisher.

#### MOON LANDING

To land you must regulate engine power using the Fire Button or SPACE.
